Church-An Anti-Treating Society. BOONVILLE, Mo., Aug. 24 .- Dr. John B. Culpepper, the noted Georgia evangelist, yesterday closed a three weeks' revival which he has been carrying on in this city in a tent. He has been preaching three sermons a day during his stay, and at no time did his congregation number less than 2,000, and many times there were upwards of 3,000 to hear him. The meeting has been successful, and Boonville has been awakened as it never was before. There have been 200 accessions to the different churches in the city, besides those to the country churches near by. The Woman's Christian Temperance union received 140 new members, and over 300 men have joined an anti-whisky league. Over 400 men have also signed a pledge not to treat others in a saloon, nor to allow others to treat them. So, if they drink at all, they must drink by

Dr. Culpepper left for Pilot Grove vesterday afternoon, where he will hold a meeting for a few days. There was such a crowd to see him leave that he gave them a short farewell sermon at the depot, and all joined in singing. "God Be With You Till We Meet

Springfield, Mo., Aug. 24.-Joseph Marple, a carpenter, at work on a staging under the eaves of the high school building, lost his footing and was hurled to the ground, a distance of 80 feet. As he fell, he grasped a swinging L. N. Gibson, a prominent farmer of rope, which for about 30 feet of the dethe rope to the ground, a distance of 50 feet, he somersaulted through the air, striking the earth heaviry on his side. It is remarkable that he was not killed. On the contrary, barring a broken rib and legs and a compound fracture of an arm, he is doing well.

Young Man Struck by Lightning While Bathing in Company with Two Young Ladies—The Bolt that Destroyed Him the

First Herald of a Coming Storm-A Panic Among the Assembled Bathers. ATLANTIC CITY, N. J., Aug. 27.-Wm. Carr, aged about 20 years, was instantly killed by a bolt of lightning while in bathing in company with two

young women. He had just entered the surf and had but risen from a dive beneath the breakers when the flash came-the first intimation of the coming storm, and the bolt struck him with a fatal shock. His companions, the Misses Farnum, were within ten feet of him when the bolt descended. They suffered a severe electrical shock and were prostrated by fright at sight of their companion's lifeless body.

There were hundreds of people in the surf near by and thousands on the strand and beach, who saw the fatal flash and the mark it struck. There was an instant panic among the bathers, who, more or less, felt the radiating shock, and they hurried out onto the strand as if fearful of another

visitation of the destroying element. Although restoratives were promptly applied young Carr could not be revived. His death is said to be the first by lightning ever occurring at this re-

THE FRANKLIN MINE HORROR.

An Examination Into Its Cause-Destitute Families of the Dead Miners. SEATTLE, Wash., Aug. 26.-An examination into the causes which led to the death of thirty-seven men in the Franklin coal mine Friday afternoon

was in progress yesterday. A great many witnesses were summoned and the examination will last several days. It is believed that many of the men killed by black damp could have saved their lives had they hastened from the mine at the first alarm. Many of them were overcome by curiosity, loitered and death over-

took them. The mine is still on fire, but it is believed to be confined to No. 6 slope. It will be three or four months before the mine again starts up. Many of the families of the dead miners are in destitute circumstances, and a fund is being raised in this city and elsewhere

for their relief. AMERICAN ENGINEERS

Being Enlisted at Puget Sound for Chinese War Vessels. PORT TOWNSEND, Wash., Aug. 27 .-The work of securing engineers and firemen from Puget Sound to go to the orient to serve in vessels of the Chinese navy has been inaugurated by Wah Chung, a millionaire merchant and Chinese employment agent at Seattle, who has addressed several unemployed men of this city asking whether or not they would be willing to go to the orient. The agent guarantees a good salary, payment of all expenses of the trip, and salary to begin on the day of departure. The fact has not yet leaked out in Seattle, where Wah Chung resides, and as a result he expects the entire quota to be secured here. Secreey has thus far been maintained to prevent interference with the scheme on the part of the United States authorities. The men secured will leave as first-class passengers on the next Canadian Pacific steamer sail-

ing from Vancouver for the orient. SUBORNED TO PERJURY.

harp Practices that Will be Rough on Those Too Hasty in Remarrying. SIOUX FALLS, S. D., Aug. 26.-At a meeting of the bar association yesterday afternoon a committee of three was appointed to begin disbarment proceedings against J. M. Donovan and J. L. Glover, two well-known divorce lawyers, on the ground that they have been procuring fraudulent divorces. It is alleged that they suborned plaintiffs to perjury. Actions will be commenced to set aside a number of decrees if fraudulently granted. It is said that the cases of suborning to perjury against Donovan and Glover will be laid before the Brookings county grand jury, and also cases for perjury against the plaintiffs who have falsely

ONE THOUSAND LIVES LOST In a Terrible Cyclone Along the Shores of

the Sea of Azof. St. Petersburg, Aug. 26.-A terribly disastrous cyclone swept along the shore of the sea of Azof yesterday, working immense damage. In some instances entire villages were swept into the sea. Many steamers were sunk or driven ashore and were wrecked, and it is believed that at

least 1,000 persons perished. Serious Accident to an Electric Car. NEWARK, N. J., Aug. 27.-A serious trolly car accident occurred at 5 o'clock last evening on the Suburban Traction Co.'s new line between Orange and Eagle Rock, in which fifty persons were more or less seriously injured. The car, which contained about eighty persons, while descending a steep grade just opposite the Mountain avenue, became unmanageable and dashed into a curve at a terrific rate of speed, breaking the flange of one of the forward wheels. The car left the track and capsized down a slight embankment. Broken glass flew in all directions and the occupants were

thrown into a confused mass. Unaccountable Assault Upon a Superior
